

Third Grade News

SEPTEMBER 2018

Our Classroom in Review

Reader's Workshop

During Reader's Workshop, we have been Building a Reading Life by focusing on our reading skills, habits and interests. These components of reading help us focus on the positives of our reading lives, regardless of our reading level.

Writer's Workshop

We have been focusing on writing five star sentences! Every sentence must start with a capital, have spaces, have an ending mark, make sense and be written neatly.

Science

We spent several days learning about Monarch Butterflies while drawing models and answering questions based by observing our classroom caterpillars and chrysalis.

Math Workshop

We have been working hard in Math Workshop! We have began learning all about multiplication by solving basic multiplication facts and story problems by drawing pictures, repeated addition and skip counting.

Notes from the Teacher

Dear Parents,

Our school year is off to a great start. You have sent some awesome kids to third grade. In class, we are focusing on building a community and remembering to be respectful, kind, safe and honest. These kids have been awesome!

Regards,
Mr. Palma

Important Dates

Learning at Home

Please just continue to read at home. It only takes 20 minutes a night before bed to tremendously help your child succeed and build a love for reading!

Don't forget to visit our local Kent District Library located on 5 Mile between Plainfield and East Beltline. Pick out some books and don't be afraid to ask the librarian for help. They are amazing and FULL of knowledge.
